TESTIMONIALS

It is impossible to adequately express how profound and beneficial the trip has been to our spiritual life. We talk regularly about the trip together and with our family. I can say without reservation, your ministry/tour was truly superior.

It was truly the most amazing walking Bible study ever, and I learned so much and saw things in a different perspective in those 12 days than I have in my 64 year lifetime.

Never in a million years would I have guessed that I would be baptized in the Jordan River or walked the path that Jesus walked to his crucifixion. My advice is to put your name on the list now- you won't regret your decision.
